

ADTA 5770: Generative AI with LLM

Semester Project: Questions (Prompts) & Responses

Thuan L Nguyen, Ph.D.

Student Name: ...

Group: ...

1. Overview

INSTRUCTOR'S NOTES:

--) *Provide a general description of running prompts to get responses on the selected domain field using the Q&A Search system: Embedding – Chunking – Vector Search.*

...

INSTRUCTOR'S NOTES:

--) *Each question/response should **start** at the top of **a new page**.*

2. Q&A Search: Vector Embedding/Database – Chunking – Vector Search

2.1 Questions and Responses: Question 1: Found

2.1.1 Knowledge Sources: Q&A-Searched Contents

2.1.1.1 Document 1: ... (title is listed here)

- Pages (where the contents are found):

//----- Contents are copied under this line

...

2.1.1.2 Document 2: ... (title is listed here)

- Pages (where the contents are found):

//----- Contents are copied under this line

...

INSTRUCTOR'S NOTES:

--> The student should search for all the contents that a question asks about and enter them in this section as sources. The **evaluation** must be strictly based on the **comparison** between the **sources** and the **responses**.

--> The student should **remove** all **unused template text**, e.g., the unused sections of found documents or pages.

2.1.2 Question

...

2.1.3 Results and Responses

...

2.2 Questions and Responses: Question 2: Found

2.2.1 Knowledge Sources: Q&A-Searched Contents

2.2.1.1 Document 1: ... (title is listed here)

- Pages (where the contents are found):

//----- Contents are copied under this line

...

2.2.1.2 Document 2: ... (title is listed here)

- Pages (where the contents are found):

//----- Contents are copied under this line

...

INSTRUCTOR'S NOTES:

--) *The student should search for all the contents that a question asks about and enter them in this section as sources. The **evaluation** must be strictly based on the **comparison** between the **sources** and the **responses**.*

--) *The student should **remove** all **unused template text**, e.g., the unused sections of found documents or pages.*

2.2.2 Question

...

2.2.3 Results and Responses

...

2.3 Questions and Responses: Question 3: Found

2.3.1 Knowledge Sources: Q&A-Searched Contents

2.3.1.1 Document 1: ... (title is listed here)

- Pages (where the contents are found):

//----- Contents are copied under this line

...

2.3.1.2 Document 2: ... (title is listed here)

- Pages (where the contents are found):

//----- Contents are copied under this line

...

INSTRUCTOR'S NOTES:

--) The student should search for all the contents that a question asks about and enter them in this section as sources. The **evaluation** must be strictly based on the **comparison** between the **sources** and the **responses**.

--) The student should **remove** all **unused template text**, e.g., the unused sections of found documents or pages.

2.3.2 Question

...

2.3.3 Results and Responses

...

2.4 Questions and Responses: Question 4: Found

2.4.1 Knowledge Sources: Q&A-Searched Contents

2.4.1.1 Document 1: ... (title is listed here)

- Pages (where the contents are found):

//----- Contents are copied under this line

...

2.4.1.2 Document 2: ... (title is listed here)

- Pages (where the contents are found):

//----- Contents are copied under this line

...

INSTRUCTOR'S NOTES:

--) *The student should search for all the contents that a question asks about and enter them in this section as sources. The **evaluation** must be strictly based on the **comparison** between the **sources** and the **responses**.*

--) *The student should **remove** all **unused template text**, e.g., the unused sections of found documents or pages.*

2.4.2 Question

...

2.4.3 Results and Responses

...

2.5 Questions and Responses: Question 5: Found

2.5.1 Knowledge Sources: Q&A-Searched Contents

2.5.1.1 Document 1: ... (title is listed here)

- Pages (where the contents are found):

//----- Contents are copied under this line

...

2.5.1.2 Document 2: ... (title is listed here)

- Pages (where the contents are found):

//----- Contents are copied under this line

...

INSTRUCTOR'S NOTES:

--) *The student should search for all the contents that a question asks about and enter them in this section as sources. The **evaluation** must be strictly based on the **comparison** between the **sources** and the **responses**.*

--) *The student should **remove** all **unused template text**, e.g., the unused sections of found documents or pages.*

2.5.2 Question

...

2.5.3 Results and Responses

...

2.6 Questions and Responses: Question 6: Found

2.6.1 Knowledge Sources: Q&A-Searched Contents

2.6.1.1 Document 1: ... (title is listed here)

- Pages (where the contents are found):

//----- Contents are copied under this line

...

2.6.1.2 Document 2: ... (title is listed here)

- Pages (where the contents are found):

//----- Contents are copied under this line

...

INSTRUCTOR'S NOTES:

--) The student should search for all the contents that a question asks about and enter them in this section as sources. The **evaluation** must be strictly based on the **comparison** between the **sources** and the **responses**.

--) The student should **remove** all **unused template text**, e.g., the unused sections of found documents or pages.

2.6.2 Question

...

2.6.3 Results and Responses

...

2.7 Questions and Responses: Question 7: Found

2.7.1 Knowledge Sources: Q&A-Searched Contents

2.7.1.1 Document 1: ... (title is listed here)

- Pages (where the contents are found):

//----- Contents are copied under this line

...

2.7.1.2 Document 2: ... (title is listed here)

- Pages (where the contents are found):

//----- Contents are copied under this line

...

INSTRUCTOR'S NOTES:

--) *The student should search for all the contents that a question asks about and enter them in this section as sources. The **evaluation** must be strictly based on the **comparison** between the **sources** and the **responses**.*

--) *The student should **remove** all **unused template text**, e.g., the unused sections of found documents or pages.*

2.7.2 Question

...

2.7.3 Results and Responses

...

2.8 Questions and Responses: Question 8: Found

2.8.1 Knowledge Sources: Q&A-Searched Contents

2.8.1.1 Document 1: ... (title is listed here)

- Pages (where the contents are found):

//----- Contents are copied under this line

...

2.8.1.2 Document 2: ... (title is listed here)

- Pages (where the contents are found):

//----- Contents are copied under this line

...

INSTRUCTOR'S NOTES:

--) *The student should search for all the contents that a question asks about and enter them in this section as sources. The **evaluation** must be strictly based on the **comparison** between the **sources** and the **responses**.*

--) *The student should **remove** all **unused template text**, e.g., the unused sections of found documents or pages.*

2.8.2 Question

...

2.8.3 Results and Responses

...

2.9 Questions and Responses: Question 9: Found

2.9.1 Knowledge Sources: Q&A-Searched Contents

2.9.1.1 Document 1: ... (title is listed here)

- Pages (where the contents are found):

//----- Contents are copied under this line

...

2.9.1.2 Document 2: ... (title is listed here)

- Pages (where the contents are found):

//----- Contents are copied under this line

...

INSTRUCTOR'S NOTES:

--) *The student should search for all the contents that a question asks about and enter them in this section as sources. The **evaluation** must be strictly based on the **comparison** between the **sources** and the **responses**.*

--) *The student should **remove** all **unused template text**, e.g., the unused sections of found documents or pages.*

2.9.2 Question

...

2.9.3 Results and Responses

...

2.10 Questions and Responses: Question 10: Found

2.10.1 Knowledge Sources: Q&A-Searches Contents

2.10.1.1 Document 1: ... (title is listed here)

- Pages (where the contents are found):

//----- Contents are copied under this line

...

2.10.1.2 Document 2: ... (title is listed here)

- Pages (where the contents are found):

//----- Contents are copied under this line

...

INSTRUCTOR'S NOTES:

--> The student should search for all the contents that a question asks about and enter them in this section as sources. The **evaluation** must be strictly based on the **comparison** between the **sources** and the **responses**.

--> The student should **remove** all **unused template text**, e.g., the unused sections of found documents or pages.

2.10.2 Question

...

2.10.3 Results and Responses

...

2.11 Questions and Responses: Question 11: Found

2.11.1 Knowledge Sources: Q&A-Searchd Contents

2.11.1.1 Document 1: ... (title is listed here)

- Pages (where the contents are found):

//----- Contents are copied under this line

...

2.11.1.2 Document 2: ... (title is listed here)

- Pages (where the contents are found):

//----- Contents are copied under this line

...

INSTRUCTOR'S NOTES:

--) *The student should search for all the contents that a question asks about and enter them in this section as sources. The **evaluation** must be strictly based on the **comparison** between the **sources** and the **responses**.*

--) *The student should **remove** all **unused template text**, e.g., the unused sections of found documents or pages.*

2.11.2 Question

...

2.11.3 Results and Responses

...

2.12 Questions and Responses: Question 12: Found

2.12.1 Knowledge Sources: Q&A-Searchd Contents

2.12.1.1 Document 1: ... (title is listed here)

- Pages (where the contents are found):

//----- Contents are copied under this line

...

2.12.1.2 Document 2: ... (title is listed here)

- Pages (where the contents are found):

//----- Contents are copied under this line

...

INSTRUCTOR'S NOTES:

--) The student should search for all the contents that a question asks about and enter them in this section as sources. The **evaluation** must be strictly based on the **comparison** between the **sources** and the **responses**.

--) The student should **remove** all **unused template text**, e.g., the unused sections of found documents or pages.

2.12.2 Question

...

2.12.3 Results and Responses

...

2.13 Questions and Responses: Question 13: Found

2.13.1 Knowledge Sources: Q&A-Searches Contents

2.13.1.1 Document 1: ... (title is listed here)

- Pages (where the contents are found):

//----- Contents are copied under this line

...

2.13.1.2 Document 2: ... (title is listed here)

- Pages (where the contents are found):

//----- Contents are copied under this line

...

INSTRUCTOR'S NOTES:

--> The student should search for all the contents that a question asks about and enter them in this section as sources. The **evaluation** must be strictly based on the **comparison** between the **sources** and the **responses**.

--> The student should **remove** all **unused template text**, e.g., the unused sections of found documents or pages.

2.13.2 Question

...

2.13.3 Results and Responses

...

2.14 Questions and Responses: Question 14: Found

2.14.1 Knowledge Sources: Q&A-Searches Contents

2.14.1.1 Document 1: ... (title is listed here)

- Pages (where the contents are found):

//----- Contents are copied under this line

...

2.14.1.2 Document 2: ... (title is listed here)

- Pages (where the contents are found):

//----- Contents are copied under this line

...

INSTRUCTOR'S NOTES:

--) The student should search for all the contents that a question asks about and enter them in this section as sources. The **evaluation** must be strictly based on the **comparison** between the **sources** and the **responses**.

--) The student should **remove** all **unused template text**, e.g., the unused sections of found documents or pages.

2.14.2 Question

...

2.14.3 Results and Responses

...

2.15 Questions and Responses: Question 15: Found

2.15.1 Knowledge Sources: Q&A-Searchd Contents

2.15.1.1 Document 1: ... (title is listed here)

- Pages (where the contents are found):

//----- Contents are copied under this line

...

2.15.1.2 Document 2: ... (title is listed here)

- Pages (where the contents are found):

//----- Contents are copied under this line

...

INSTRUCTOR'S NOTES:

--> The student should search for all the contents that a question asks about and enter them in this section as sources. The **evaluation** must be strictly based on the **comparison** between the **sources** and the **responses**.

--> The student should **remove** all **unused template text**, e.g., the unused sections of found documents or pages.

2.15.2 Question

...

2.15.3 Results and Responses

...

2.16 Questions and Responses: Question 16: Found

2.16.1 Knowledge Sources: Q&A-Searchd Contents

2.16.1.1 Document 1: ... (title is listed here)

- Pages (where the contents are found):

//----- Contents are copied under this line

...

2.16.1.2 Document 2: ... (title is listed here)

- Pages (where the contents are found):

//----- Contents are copied under this line

...

INSTRUCTOR'S NOTES:

--> The student should search for all the contents that a question asks about and enter them in this section as sources. The **evaluation** must be strictly based on the **comparison** between the **sources** and the **responses**.

--> The student should **remove** all **unused template text**, e.g., the unused sections of found documents or pages.

2.16.2 Question

...

2.16.3 Results and Responses

...

2.17 Questions and Responses: Question 17: Found

2.17.1 Knowledge Sources: Q&A-Searches Contents

2.17.1.1 Document 1: ... (title is listed here)

- Pages (where the contents are found):

//----- Contents are copied under this line

...

2.17.1.2 Document 2: ... (title is listed here)

- Pages (where the contents are found):

//----- Contents are copied under this line

...

INSTRUCTOR'S NOTES:

--> The student should search for all the contents that a question asks about and enter them in this section as sources. The **evaluation** must be strictly based on the **comparison** between the **sources** and the **responses**.

--> The student should **remove** all **unused template text**, e.g., the unused sections of found documents or pages.

2.17.2 Question

...

2.17.3 Results and Responses

...

2.18 Questions and Responses: Question 18: Found

2.18.1 Knowledge Sources: Q&A-Searches Contents

2.18.1.1 Document 1: ... (title is listed here)

- Pages (where the contents are found):

//----- Contents are copied under this line

...

2.18.1.2 Document 2: ... (title is listed here)

- Pages (where the contents are found):

//----- Contents are copied under this line

...

INSTRUCTOR'S NOTES:

--> The student should search for all the contents that a question asks about and enter them in this section as sources. The **evaluation** must be strictly based on the **comparison** between the **sources** and the **responses**.

--> The student should **remove** all **unused template text**, e.g., the unused sections of found documents or pages.

2.18.2 Question

...

2.18.3 Results and Responses

...

2.19 Questions and Responses: Question 19: NOT Found

2.19.1 Knowledge Sources: Q&A-Searchd Contents

2.19.1.1 Document 1: ... (title is listed here)

- Pages (where the contents are found):

//----- Contents are copied under this line

...

2.19.1.2 Document 2: ... (title is listed here)

- Pages (where the contents are found):

//----- Contents are copied under this line

...

INSTRUCTOR'S NOTES:

--> The student should search for all the contents that a question asks about and enter them in this section as sources. The **evaluation** must be strictly based on the **comparison** between the **sources** and the **responses**.

--> The student should **remove** all **unused template text**, e.g., the unused sections of found documents or pages.

2.19.2 Question

...

2.19.3 Results and Responses

...

2.20 Questions and Responses: Question 20: NOT Found

2.20.1 Knowledge Sources: Q&A-Searchd Contents

2.20.1.1 Document 1: ... (title is listed here)

- Pages (where the contents are found):

//----- Contents are copied under this line

...

2.20.1.2 Document 2: ... (title is listed here)

- Pages (where the contents are found):

//----- Contents are copied under this line

...

INSTRUCTOR'S NOTES:

--) The student should search for all the contents that a question asks about and enter them in this section as sources. The **evaluation** must be strictly based on the **comparison** between the **sources** and the **responses**.

--) The student should **remove** all **unused template text**, e.g., the unused sections of found documents or pages.

2.20.2 Question

...

2.20.3 Results and Responses

...
